COMPUTERIZED TIME TRACKING FOR PAYROLL AND PROJECTS

INSTALL. POINT & CLICK. SAVE. Managing payroll is an important responsibility for any company, but it doesn't have to eat up hours and hours of valuable time each week. Keeping track of your workforce has never been easier. With the new **TimeTrax PC** from Pyramid, you can effectively manage your labor resources right from your existing Windows® based desktop PC. Payroll managers and administrators can easily view and edit employee hours. Now you can capture time accurately, streamline your business processes, and reduce your expenses with **TimeTrax PC**.

- No other software or hardware required
- Interfaces with most major payroll service providers
- Employees punch IN and OUT on a specified PC
